

DISCLOSURE

PAST PERFORMANCE IS NOT A GUARANTEE OR A RELIABLE INDICATOR OF FUTURE RESULTS. Our software is designed to empower traders, but we are not financial advisors. Past results achieved by other users are not guarantees of your own success. SURE ALGO provides tools, and individual results depend on various factors beyond our control.

SURE ALGO focuses on financial education and software tools to help you become a more confident trader. We don't provide personalized investment advice or manage accounts. We're not selling a "get rich quick" scheme – we believe knowledge is power, and the right tools can equip you to make informed decisions.

Here's what SURE ALGO offers:

- Financial Education: We provide resources to help you understand the markets.
- Trading Tools: Our software equips you with analysis and execution capabilities.

SURE ALGO's training and programs don't guarantee success, and past performance isn't necessarily indicative of future results. We don't make any claims about potential earnings, or the effort required.

All materials on our website, except for third-party content, are protected by copyright. Please don't copy or distribute them without permission.

PAST PERFORMANCE IS NOT A GUARANTEE OR A RELIABLE INDICATOR OF FUTURE RESULTS. Past performance isn't a guarantee of future results. The examples we show may be from our top performers and not typical.

Why Results Can Vary:

- Starting Capital: Your initial investment amount can impact returns.
- Trading Frequency: How often you trade can affect results.
- Software Use: The specific software used and for how long can influence performance.

Transparency is Key:

- We don't adjust returns for mid-month activity, which can impact results.
- We rely on raw data linked to your broker accounts.

Remember, we encourage you to consider your individual circumstances and risk tolerance before making any investment decisions.

Forex Trading: High Risk, High Reward

Forex trading involves significant risk and may not be suitable for everyone. Leverage can amplify both gains and losses.

Before You Start:

- Carefully consider: Your investment goals, experience, and risk tolerance.
- Only invest what you can afford to lose.
- Educate yourself: Understand the risks of forex trading.
- Seek professional advice: If you're unsure.

Important Disclaimer:

- We are not financial advisors.
- Past performance doesn't guarantee future results.
- This information is for education only, not investment advice.
- Always consult a qualified professional before making investment decisions.

Remember, you are responsible for your own trading decisions.

Important: Simulated results don't reflect real-world trading.

Here's why:

- Simulated trades: They aren't executed in a real market, so they may not account for factors like limited liquidity.
- Hindsight bias: Simulated trades can benefit from knowing future events, which isn't possible in real trading.
- No guarantee of future success: Past performance doesn't predict future results.

Trading involves real risk:

- Simulated results don't consider the emotional and financial impact of actual trading.
- The ability to handle losses and stick to a plan is crucial for success.

Remember, these results are for educational purposes only, not investment advice. Now read this more complicated version:

***CFTC RULE 4.41(b)(1)/NFA RULE 2-29 – SIMULATED OR HYPOTHETICAL PERFORMANCE RESULTS HAVE CERTAIN INHERENT LIMITATIONS. UNLIKE THE RESULTS SHOWN IN AN ACTUAL PERFORMANCE RECORD, THESE RESULTS DO NOT REPRESENT ACTUAL TRADING. ALSO, BECAUSE THESE TRADES HAVE NOT ACTUALLY BEEN EXECUTED, THESE RESULTS MAY HAVE UNDER-OR-OVER COMPENSATED FOR THE IMPACT, IF ANY, OF CERTAIN MARKET FACTORS, SUCH AS LACK OF LIQUIDITY. SIMULATED OR HYPOTHETICAL TRADING PROGRAMS IN GENERAL ARE ALSO SUBJECT TO THE FACT THAT THEY ARE DESIGNED WITH THE BENEFIT OF HINDSIGHT. NO REPRESENTATION IS BEING MADE THAT ANY ACCOUNT WILL OR IS LIKELY TO ACHIEVE PROFIT OR LOSSES SIMILAR TO THOSE BEING SHOWN.**

NO REPRESENTATION IS BEING MADE THAT ANY PERSON WILL OR IS LIKELY TO ACHIEVE PROFITS OR LOSSES SIMILAR TO THOSE SHOWN. IN FACT, THERE ARE FREQUENTLY SHARP DIFFERENCES BETWEEN HYPOTHETICAL PERFORMANCE RESULTS AND THE ACTUAL RESULTS SUBSEQUENTLY ACHIEVED BY ANY PARTICULAR TRADING PROGRAM.

IN ADDITION, HYPOTHETICAL TRADING DOES NOT INVOLVE FINANCIAL RISK, AND NO HYPOTHETICAL TRADING RECORD CAN COMPLETELY ACCOUNT FOR THE IMPACT OF FINANCIAL RISK IN ACTUAL TRADING. FOR EXAMPLE, THE ABILITY TO WITHSTAND LOSSES OR TO ADHERE TO A PARTICULAR TRADING PROGRAM IN SPITE OF TRADING LOSSES ARE MATERIAL POINTS WHICH CAN ALSO ADVERSELY AFFECT ACTUAL TRADING RESULTS. THERE ARE NUMEROUS OTHER FACTORS RELATED TO THE MARKETS IN GENERAL OR TO THE IMPLEMENTATION OF ANY SPECIFIC TRADING PROGRAM WHICH CANNOT BE FULLY ACCOUNTED FOR IN THE PREPARATION OF HYPOTHETICAL PERFORMANCE RESULTS AND ALL OF WHICH CAN ADVERSELY AFFECT ACTUAL TRADING RESULTS.
